Compendium Program: Alcohol and Drug Recovery Centers, Inc. (ADRC)/ Detoxification Unit

Gender Specific for:MALE; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

ADRC's Detoxification Center is a 35-bed medically monitored detoxification program for adults. Admission decisions and skilled nursing interventions are provided by Registered Nurses. Each client is assigned to a counselor and they receive individual and/or group counseling daily. AA and NA meetings are offered on site five (5) evenings a week. Referrals for continuing treatment are encouraged and arranged prior to discharge. The goal is to safely detox clients from alcohol and/or drugs and to provide education and motivation for referral.

Compendium Program: Alcohol and Drug Recovery Centers, Inc. (ADRC)/ Intensive Residential

Gender Specific for:MALE; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The Intensive Residential program consists of 28 beds and involves 14 to 30 days of intensive residential treatment within a therapeutic community. Clients are accepted in the program regardless of their ability to pay.

Services:

These include continuing recovery counseling sessions, psycho education, family support, education and intervention, and are provided to clients as follows:

- Individual sessions - minimally twice weekly
- Therapy groups - once daily
- Other groups/meetings - three times per day
- Gender groups - twice per week
- Psycho educational groups - twice per week

Services are delivered within a Multilevel Service Delivery Model consisting of the following Specialty Tracts:

- A comprehensive Treatment Tract for the Latino client which is offered in Spanish, taking into account cultural and ethnic elements of the Puerto Rican tradition and other Latino heritages.
- A comprehensive Treatment Tract for Women.
- A comprehensive Treatment Tract for the English-speaking Caucasian and African-American males.

Compendium Program: Alcohol and Drug Recovery Centers, Inc. (ADRC)/ Intermediate Residential

Gender Specific for:MALE; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The Intermediate Treatment Program consists of 10 beds and involves up to 90 days of treatment. This program is open to individuals who have completed an Intensive Phase of Treatment or who otherwise meet admission criteria. Client referrals to this program must meet the Connecticut Client Placement Criteria III.5 level of care. No client will be rejected because of an inability to pay. Goals: To continue to build on the gains of Intensive Treatment and emphasize:

Services:

The Intermediate Residential Program has established community linkages for vocational rehabilitation, education, job readiness and employment opportunities, housing, entitlement/benefits, medical follow-ups, etc. Daytime activities are primarily reserved for such appointments. Since specific programming for this level occurs primarily in the evenings, clients are expected to participate in Intensive program activities if they have no outside appointments. This also serves as a way to reinforce concepts previously presented and an opportunity for them to support clients in that phase. Specific Intermediate Program services include -

- Individual sessions - minimally once per week
- Therapy groups - once daily
- Other groups/meetings - twice per week
- Gender groups - twice per week
- Psycho education - once daily

Compendium Program: Behavioral Health Recovery Program-BHRP-Middletown

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

Recognizing that individuals receiving behavioral health treatment are more likely to remain engaged in treatment when their basic recovery support needs are met, the Behavioral Health Recovery Program (BHRP) provides financial assistance to HUSKY D/Medicaid for Low Income Adults (LIA) recipients who are temporarily unemployed and in need of recovery supports that cannot be met by other community resources. These supports include recovery housing, independent housing, bus passes, food, clothing, and personal care items. The program also offers coverage for intensive and long-term substance abuse residential treatment, when those services are determined to be medically necessary.

The Department of Mental Health has contracted with ABH as the administrative service organization for the BHRP. ABH reviews and authorizes requests by treatment providers and vendors for the provision of these services. ABH is also responsible for utilization management, claims processing and payment, member services, and provider network management.

Compendium Program: Branford Hall Career Institute

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

At Branford Hall, you will study just the subjects you need for your career in order to gain the expertise and skills that employers will want. There was a time when a college degree was the only key to success, but today the situation is different. It is not necessary to spend several years in college in order to be a part of a fast-growing career field. Our students at Branford Hall study only the subjects they need for their career fields. This kind of education makes sense, especially today when time and money are so important.

Compendium Program: Bristol Hospital Counseling Center

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The highly trained, skilled professional therapists of Bristol Hospital's Counseling Center provide counseling to individual adults, couples and families who seek assistance for a wide variety of problems. Problems range from temporary difficulties to complex long-term disabilities that affect emotional and physical health. Requests for services are accepted directly from area residents or from physicians and other healthcare professionals. Medical insurance policies usually cover a substantial portion of the fee and the Counseling Center does offer a sliding fee scale. The Counseling Center's services focus primarily on group therapies, and offer outpatient counseling services, partial hospital/intensive outpatient programs, and a full range of chemical dependency programming.

Compendium Program: Capital Region Mental Health

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

Capitol Region Mental Health Center (CRMHC) is a community based mental health center, operated by the Connecticut Department of Mental Health and Addiction Services, which provides an array of innovative clinical and community support services to individuals with a psychiatric disability, in many cases with co-occurring problems of substance abuse.

In addition to the function of providing individuals with behavioral health services, CRMHC also collaborates with the Greater Hartford DMHAS-Funded Mental Health Programs that is comprised of 15 non-profit agencies located in Hartford and West Hartford. These agencies work together to provide a comprehensive array of behavioral health services to nearly 3300 individuals and families.

Capitol Region Mental Health Center and the DMHAS-Funded Mental Health Programs serve adults with serious psychiatric disabilities or the co-occurring disorders of psychiatric illness and substance use, 18 years and older who reside in Hartford (Catchment Area 23), West Hartford, Farmington, Avon, Canton and Simsbury (Catchment Area 18).

Adult Partial Hospitalization Treatment and Intensive Outpatient treatment -

Natchaug and its various community-based programs serve people of all ages and stations in life. Our goal is to provide the highest quality diagnostic and treatment services customized to address the special needs of each individual in our care.

At Natchaug, our philosophy of health care is based upon simple but powerful tenets: A person's journey through the health care system should be as smooth as possible. People should be able to receive the care they need as close to home as possible.

Gender Specific for:MALE; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The Medication Assisted Treatment (MAT) at MAAS offers treatment for opioid addiction, including the use of both methadone and buprenorphine. The MAAS MAT program utilizes a combination of medication and psychotherapeutic clinical treatment interventions aimed toward building a foundation upon which long term recovery can take place. Individuals entering this level of care meet criteria for methadone maintenance or buprenorphine maintenance. A shorter term taper is available through the ambulatory detoxification unit, if deemed appropriate. MAAS targets inner city and traditionally under-served populations, including but not limited to Latinos and African Americans. Treatment intensity varies based on patient need while the clinic models a ¿stages of change¿ approach to opioid treatment. All culturally relevant services are offered in English and Spanish. MAAS offers on-site babysitting to adults with dependant, under school-age children.

Services Include:

- Individual and Group Therapy
- Pharmacotherapy
- Psychiatric Evaluation and Follow-up
- Case Management
- Family Counseling
- Auricular Acupuncture
- HIV/AIDS/STD Testing and Counseling
- Basic Primary Care Services
- Trauma Therapy
- Gender Specific Therapy

Description:

CHC is building a world class primary health care system, that is committed to caring for special populations, and that is focused on improving health outcomes for our patients as well as building healthy communities.

Since 1972, CHC has been one of the leading health-care providers in the state of Connecticut, providing comprehensive primary care services in medicine, dentistry, and behavioral health. CHC is available to all, but has a special commitment to the uninsured, underinsured, and special populations such as patients with HIV/AIDS. CHC is a statewide, independent, private non-profit organization. Last year, we provided high-quality medical, dental and behavioral health services to patients living in nearly every Connecticut city and town. With 130,000 active patients, CHC, Inc. is the health care home that works to keep our patients, and our communities, healthy. We incorporate prevention and health promotion, treatment of illness, and management of chronic disease, often all during the same visit. But CHC goes beyond the traditional health services to bring care wherever you are, using innovative service delivery models and state of the art technology.

Compendium Program: Community Health Services, Inc. (CHS)

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

CHS offers primary and preventive services in Adult Internal Medicine, Adolescent Medicine, Behavioral Health, Dental Care, Optometry, Pediatrics, Podiatry, and Women's Health. The health center also offers specialty services such as its Diabetes Collaborative, a national program which takes a multidisciplinary approach to treatment, and social services such as its Food Pantry which provides food to over eighty families each week, in addition to an on-site pharmacy and laboratory. As part of its program of community outreach, CHS participates in a number of community events each year including health fairs and provides transportation service to and from appointments for patients.

CHS is not a clinic. We are a community health center where you can bring your entire family, and receive the same close, personal care and medical expertise you would expect from a private practice or hospital. CHS is accredited by the Joint Commission on Accreditation of Health Care Organizations. While the Joint Commission sets the standards for the care in hospitals, accreditation is not required for community health centers. CHS undertook this effort as part of our commitment to excellence in our clinical practices, and providing every patient the quality of care they deserve.

Compendium Program: Community Partners in Action - (AIC) - Bridgeport

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The AICs provide structured supervision and services to pre-trial and sentenced individuals based on assessed risks, individual needs and court requirements to enhance their personal growth and development. All referrals are from the Local Courts or Probation Offices, which mandates participants to attend and complete the program.

During their time at an AIC, participants learn how to make positive changes through participation in case management and appropriate interventions such as Employment Support, Treating Addictive Disorders, and Cognitive Behavioral Therapy.

Through strategic, strength-based case management, which fosters empathy, hope and mutual respect, Case Managers help participants strengthen their motivation to make better choices and avoid re-arrest in the future.

Compendium Program: Community Renewal Team - Asian Family Services

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

Asian Family Services is the only clinic in CT that is licensed to serve Asian-Americans. AFS provides in-person interpretation. Clinicians and support staff are not only multicultural, but also bilingual in Vietnamese, other Asian languages, and Spanish. Established in 1996 to work with refugees and immigrants from Southeast Asia, AFS now welcomes individuals from many different cultures.

Counseling staff offers counseling and support services to people of many cultures, to help people deal with issues such as unhealthy relationships, poor anger management, compulsive gambling and substance abuse. Clinicians are not only multicultural but fluent in Asian languages.

Description:

The McAuliffe Center provides four 5-person apartments with on-site clinical services for male adult clients suffering from co-occurring disorders. Referrals to the McAuliffe Center may be made by local hospitals, community organizations and mental health or substance abuse providers.

While at the McAuliffe Center, clients are provided a range of services including individual, group and family counseling, medication management, psycho-educational programming and referrals to other organizations for long term assistance based on their individual needs.

Clients will typically have a 30 to 45 day stay at the McAuliffe Center. The goal of the program is to return the stabilized clients to the community, or an alternate care facility.

Compendium Program: Connection Inc., - Center for the Treatment of Problem Sexual Behavior - Middletown

Gender Specific for:MALE; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The Center for the Treatment of Problem Sexual Behavior serves to prevent future sexual abuse through state-of-the-art assessment, treatment and training. CTPSB is committed to the enhancement of the community via the reduction of sexual violence. We accomplish this by working in a collaborative effort with the criminal justice and victim advocacy systems, utilizing research valid methodologies in the treatment and management of sexual offenders. The Center is comprised of Adult Services, Juvenile Services, Developmental Disabilities Program, and The January Center, the state's first residential treatment center for problem sexual behavior. Both Juvenile Services and the Developmental Disabilities program provide assessment and treatment for victims of sexual violence as well as sexual offenders. The main office is located in Middletown, however, specialized evaluation and treatment services are provided statewide in Middletown, New Haven, Bridgeport, Norwalk, Stamford, Danbury, Waterbury, New Britain, Torrington, Bristol, Hartford, Manchester, Norwich, Montville and New London. Through subcontractors, services are provided in Willimantic, Stratford, Danielson, and Shelton.

Compendium Program: Dress for Success

Gender Specific for:MALE; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The mission of Dress for Success is to promote the economic independence of disadvantaged women by providing professional attire, a network of support and the career development tools to help women thrive in work and in life. Dress for Success serves clients by referral only, and women must have an interview scheduled before receiving clothing. Our clients come to us from a continually expanding and diverse group of non-profit and government agencies including homeless shelters, immigration services, job training programs, educational institutions and domestic violence shelters, among many other organizations. On her initial visit a woman receives a suit appropriate for the industry in which she is interviewing and, if available, accessories. After a woman finds a job she returns to Dress for Success for additional clothing that can be mixed and matched to make several outfits, providing her with the foundation for a professional wardrobe.

Compendium Program: Families in Crisis, Inc./Hartford

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

FIC provides specialized services that strengthen families, enhance community safety, and promote individual responsibility. FIC is one of only a few organizations dedicated to meeting the critical needs of offenders and their families. Families of offenders, especially children with parents who are incarcerated, have special needs. Offenders who rejoin families and reenter communities make a much better adjustment if the family has a "safety net." Family relationships play a significant role in helping offenders rebuild their lives. Experience has taught us that if an offender maintains a positive family and has the skills to be successful within that context, the chances of successful reentry into the community increase and recidivism diminishes.

Our programs and services for offenders and their families are based on documented best practices in the field and are designed to help preserve and strengthen family ties. Families in Crisis understands that without interventions, incarceration becomes a cycle that often repeats itself. In order to significantly improve the lives of our clients, Families in Crisis is committed to meeting the unique needs of families in a comprehensive and holistic fashion.

Description:

The Community Services Division (CSD) in Stamford is located at the Franklin S. DuBois Center (FSDC) and serves the greater Stamford/Norwalk area. FSDC is responsible for providing ongoing, individualized treatment to persons living in the community with severe behavioral health disorders who are publicly insured, uninsured and in some cases underinsured. All services offered at the F. S. DuBois Center are aligned with the Commissioner's initiative to move our practice to one offering Community Support and Recovery Pathways. At the end of the day, people ought to have more advanced skills for self-management. Within many areas of service at FSDC, Peers have become integral components. Person-centered care is a given and evidence-based practices are growing.

Compendium Program: Fresh Start

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

Fresh Start Community ReEntry Program

This innovative, research-based nonresidential model results in the successful reintegration of formerly-incarcerated persons into their families and communities. Our holistic approach engages and prepares prisoners prior to release, utilizes successful ex-offenders as leaders, role models, and mentors, builds collaborations with stakeholders, and creates positive pro-social networks in the community. The results are: productive, tax-paying citizens, stronger families and communities, increased public safety, reduced costs to taxpayers, and improved quality of life in the region and across the state. Yale University research has observed that Fresh Start programs have reduced recidivism in Connecticut. Gender-specific programming is provided for women in collaboration with our partner agency, The Center for Women and Families of Eastern Fairfield County.

Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

HCRC provides integrated medical and counseling approaches grounded in an individualized recovery-oriented philosophy that treats addiction as a bio-psychosocial disease. These services include pharmacological treatment with methadone and other medications in combination with individual, group and family counseling. Treatment is individualized and driven by objective goals. HIV/AIDS screening, education, and counseling services are provided for all patient/consumers. Patient/consumers are encouraged to participate in self-help programs such as Alcoholics Anonymous or Narcotics Anonymous, and the program utilizes self-help principles in treatment. The philosophy of care recognizes addiction as a primary disease, emphasizes the need for compassion, and encourages a drug-free lifestyle.

Description:

Mercy Learning Center of Bridgeport, Inc. provides basic literacy and life skills training to low-income women using a holistic approach within a compassionate, supportive environment. All women are welcome without regard for race, religion, color, creed, sexual orientation or national origin.

Mercy Learning Center's core programs include two part-time Beginner ESL classes, a one-on-one or group Tutoring Program, a full-time, classroom-based Intensive Study Program, and the National External Diploma Program (NEDP). The Center is open year-round for tutoring, the NEDP, and computer classes. However, the full-time classes follow the ten-month Bridgeport school system calendar, beginning in September and ending in June, so as to reduce conflicts for women with children in the public school system.

Compendium Program: Moving On - CPA/AIC - Torrington

Gender Specific for:FEMALE; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

Moving On is a trauma informed, semi-open intervention designed specifically for women who are involved with the criminal justice system. The intervention assists women to mobilize and develop personal and social resources, develop healthy relationships, increase communications and decision making skills, manage feelings and connect them to their community. The overarching goal of the intervention is to mediate the impact of risk for future criminal behavior. The program consists of 25 sessions. Any sessions not completed at York CI can be completed in the community in all of the Parole and Community Services districts.

Compendium Program: Multicultural Ambulatory Addictions Services

Gender Specific for:BOTH; RT Program Code: 0

Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The Medication Assisted Treatment (MAT) at MAAS offers treatment for opioid addiction, including the use of both methadone and buprenorphine. The MAAS MAT program utilizes a combination of medication and psychotherapeutic clinical treatment interventions aimed toward building a foundation upon which long term recovery can take place. Individuals entering this level of care meet criteria for methadone maintenance or buprenorphine maintenance. A shorter term taper is available through the ambulatory detoxification unit, if deemed appropriate. MAAS targets inner city and traditionally under-served populations, including but not limited to Latinos and African Americans. Treatment intensity varies based on patient need while the clinic models a “stages of change” approach to opioid treatment. All culturally relevant services are offered in English and Spanish. MAAS offers on-site babysitting to adults with dependant, under school-age children. Services Include:

- Primary Care
- Individual and Group Therapy
- Pharmacotherapy
- Psychiatric Evaluation and Follow-up
- Case Management
- Family Counseling
- Auricular Acupuncture
- HIV/AIDS/STD Testing and Counseling
- Basic Primary Care Services
- Trauma Therapy
- Gender Specific Therapy
- Urine/Drug Screens
- Problem Gambling Services
- Transportation to higher level of care or Detox program

Compendium Program: Naugatuck Valley Community College

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

In just the last few years, college costs have skyrocketed. Students are looking for affordable alternatives. They not only want affordability, they want the ability to earn degrees that are transferable to four-year colleges.

Naugatuck Valley Community College meets both of these criteria, and offers an enriching educational experience that extends through lifelong learning. We have campuses in both Waterbury and Danbury and serve 20 additional towns in between. We offer Associate in Arts Degree (A.A.) and Associate in Science Degree (A.S.) programs within these academic divisions:

Compendium Program: New Haven Adult Education Center

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

If you need to improve your English skills, obtain a high school diploma, or expand your horizons by taking an enrichment course, you have opened the right web page! There are three ways to earn a high school diploma at the New Haven Adult and Continuing Education Center: GED, Credit Diploma Program, or National External Diploma Program. We have many levels of ESOL classes to improve your proficiency in English. We offer a number of enrichment classes, each of which will enhance your lifelong learning. Each person entering New Haven Adult and Continuing Education has a unique experience; so before deciding on a program, please discuss your situation with our counselors who are on-site at the Ella Grasso Boulevard location Monday through Friday 8:30 AM to 3:00 PM and Monday through Wednesday evenings from 6:00 PM to 8:30 PM. They will help you make an informed decision about which program is best for you. The important thing is that you register to start a program!

The registration process is one that will take some time. This process is in place so that the counselors can help YOU decide on the best program for you to achieve your goals. Please be aware that you must be 17 or older to enter Adult Education in Connecticut. This law was passed by the legislature on July 1st, 2011.

Project Safe Neighborhoods (¿PSN¿) is a comprehensive, strategic approach to reducing gun violence and promoting safe communities in this country. PSN combats gun violence by bringing together local, state, and federal law enforcement officials, prosecutors, and community leaders to implement a multi-faceted strategy to deter and punish gun violence. PSN has created unprecedented coordination among law enforcement officials, with an emphasis on prevention, tactical intelligence gathering, more aggressive prosecutions, and enhanced accountability through performance measures.

Description:

RAP provides services for young adults ages 15 through 21 years of age.

In-home individual and family counseling, clinical case management services, school, work site and community visits.

Services based upon classification of the Offender.

Offenders are also monitored for substance abuse and relapse vis-à-vis field urine screens and Breathalyzer testing conducted in-home, at the request and discretion of the referring agency.

24-hour on-call services are also available to those Offenders who may be experiencing clinical or mental health issues.

Individual Services

will have a comprehensive, holistic, individualized service plan developed and implemented.

This plan will include the following core domains:

- i. mental / behavioral health;
- ii. social-emotional;
- iii. health;
- iv. recreational, cultural and spiritual;
- v. permanency and life long family ties, including visitation/contact with parents and siblings;
- vi. educational / vocational/career;
- vii. life skills / daily living.

Description:

This program is designed to assist offenders in preparing for and accomplishing a successful return to the community. Operating statewide, the Resettlement Program has developed liaisons with service providers in the community and is able to provide on-going assistance in locating and accessing resources responsive to the needs, including food, shelter, clothing, education, medical services, as well as emotional support and encouragement. Staff begin working with clients while they are incarcerated so that support systems are in place upon release. Clients request admission to the program through their institutional counselor.

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

Inpatient Rehab Programs
General Intake

Stonington Institute's treatment program draws from medical, psychological and traditional self-help approaches in addiction treatment. The Institute also recognizes the overwhelming importance of the client's motivation to achieve and maintain sobriety. Through education, professional intervention and effective social rehabilitation, it is our belief that everyone can achieve recovery.

Stonington's Detox Program is aimed at engagement, orientation and stabilization. The clinical program is led by a Clinical Director, a licensed clinical staff and a dedicated Discharge Care Coordinator who will assure that every client completes a safe detox protocol and is introduced to 12-step model of recovery. Emphasis is on understanding the disease of addiction and solidifying a long-term recovery plan.

Description:

Youth Community Development Programs of CCPC is focused on developing a future for youth ages 15-24 by providing them with the basic skills and knowledge of educational, career advancement, small business management so that they can be successful in their career of choice. There are two program components: Career Development and Educational Assistance Students will attend career development workshops and will take advantage of paid work opportunities while graduation from high school and college. Job and education coaches will train youth for 4 to 6 weeks before placing them into a paid apprenticeship with local employers and businesses. New Haven youth are in need of after school programs that allow them to be productive in the workforce. Our business sponsors offer work apprenticeships services for participants achieving certain education and life skills benchmarks. Independent Living Preparation is part of the classroom instruction individuals will receive. It covers housing, transportation, banking, credit, budgeting, and spending /consumer skills. Ansell Casey Life Skills Training is designed to help assist transition and successful life skills participants into independent living. This program also emphasizes the importance of the well-being of at-risk youth and assists with various endeavors to assure youth and families opportunity to fair and adequate housing.

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

The Connection Counseling Center provides evidence based substance abuse, mental health, and cooccurring disorders treatment for adults. Anger Management groups are available for offenders in need, and drug testing is conducted randomly. Treatment offers opportunities to learn and practice new problem solving and coping skills. Successful offenders experience improved home environments; more satisfactory relationships with themselves, their families, and their peers; improved stability; improved physical and emotional well being and functioning; avoid future criminal activities and involvement in the legal and family services systems; and decrease the likelihood of being exposed to the traumatic events (homelessness, abuse, victimization, et cetera) common to their former lifestyles.

Compendium Program: Watkins Network - HELP-(Prospect Street)

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False

Description:

Behavioral Health services include anger management, gender specific substance abuse groups, mental health referrals, urinalysis screening, and individual counseling. The target length of participation for behavioral health services is fourteen weeks.

Anger Management: This eight week workshop for men and women will teach techniques and interventions that clients can apply in future anger-provoking situations.

Men's Substance Abuse Group: This eight week group series for men provides critical education regarding addiction, alcohol and drugs, their effects on the body and mind, and helps group participants explore their own recovery, learn cognitive behavioral techniques, and develop relapse prevention plans.

Women's Substance Abuse Group: This eight week program for women is a gender specific, compassionate, holistic approach to substance abuse treatment. This group series focuses on women's issues, including defining one's sense of self, exploring family of origin, creating healthy relationships and support systems, as well as the roles of spirituality and meditation in recovery.

Mental Health Services: This service provides a comprehensive psychiatric assessment and ongoing medication management and support. Referral to a higher level of care will be made when appropriate based on the client's needs.

Description:

LifeLine for women and children is a substance abuse/mental health treatment program for women ages 16 years and older and is designed to treat and support women experiencing substance abuse and psychiatric disorders as they progress through their recovery. Treatment empowers women to make positive choices for themselves and their children and to develop competence in all aspects of family life. Team members are specialists in substance abuse; psychiatric treatment, child development, community adjustment and gender-responsive, trauma-informed care.

The program also provides intensive outpatient and outpatient levels of care and includes transportation within New Britain, babysitting for preschool-aged children and case management.

To:

- Stop or reduce substance abuse
- Improve parenting skills
- Cope with anxiety and depression
- Connect with community supports

Core care components:

- Substance abuse and mental health treatment and education
- Individual, couple and family therapy
- Parenting and child development training
- Comprehensive assessment
- Specialized groups for substance abuse, trauma and co-occurring disorders
- Random observed toxicology screening
- Community outreach and care coordination
- Transportation and childcare
- Psychiatric evaluations and medication management
- 24-hour crisis coverage
- Discharge planning and aftercare

Description:

Challenging situations may come at any stage of life. We're here to listen and to help. We understand that no two people, families or situations are alike, and our programs and services are designed to meet the diverse and complex needs of children, adolescents and adults. Our caring, professional staff addresses a broad array of issues, including depression, anxiety, marital difficulties and serious mental illness. We also serve consumers with special needs including anger management, gambling addiction, and child and adolescent behavioral problems.

Compendium Program: Yale

Gender Specific for:BOTH; RT Program Code: 0

Open Close:False, Session Group:False, Session Numbers: 0, Evidence Based:False

Description:

Adult patients who have achieved some stability but continue to require more intensive treatment than traditional outpatient therapy, or to prevent hospitalization, may be treated within our Adult Intensive Outpatient Program. Most of these patients are admitted to treatment of mood disorders, anxiety disorders, chronic suicidal thoughts, co-occurring disorders (psychiatric and substance-abuse disorders), personality disorders, and family/interpersonal conflicts. Patients can be referred during the hospitalization or by outpatient psychiatric participants attend the program three to four times a week for four hours each day. There are three main tracks in this program:

1. General Adult Track (for patients with general mood or anxiety disorders)
2. Dual Diagnosis Track (for patients with psychiatric and substance-abuse diagnoses)
3. Dialectical Behavioral Track (primarily for patients with borderline personality disorder and other severe personality disorders)
